TITLE : MAGNETIC SHIELD FOR CATHODE RAY TUBE

(D5)

ABSTRACT : PROBLEM TO BE SOLVED: To install easily a magnetic shield for cathode ray tube to a dichroic device without bringing about deterioration of the cathode ray tube.

SOLUTION: This magnetic shield 1 is installed to a frame for supporting a dichroic mask of a cathode ray tube of it's using, and comprises contacting pieces 3 being contacted to the frame when being installed to the frame, rectangle panels 4 being disposed at right angles to the contacting pieces, bending pieces 11 being flexibly mounted to the rectangle panels 4. The bending pieces 11 and the contacting pieces 3 support the frame therebetween by the bending of the bending pieces 11.
